

# CityBusiness selects 2017 Best Places to Work

By: Natalie Chandler, Editor | September 18, 2017 | 0

New Orleans CityBusiness has selected the honorees for its 15th annual Best Places to Work special publication and event.

To compete, companies must submit extensive nomination forms disclosing workforce data such as salaries, benefits, retention levels and employee advancement. The next part of the process involves a survey of company employees to measure workplace culture.

CityBusiness selected 35 honorees in the large company category (more than 50 employees) and 15 honorees in the small business category (fewer than 50 employees).

All honorees will be profiled in a special publication that will be part of the Dec. 8 issue of CityBusiness.

This year's Best Places to Work honorees in are listed in alphabetical order according to category.
